

Good evening everyone

I took over the Treasurer's role from Peter Rowson at the beginning of this year.

Thanks go to Arwain the 'Welsh Rural Development Agency', for our funding of approximately £34,000 this year.

A large proportion of this was taken up with the salaries of Carol and Hedda, the only appointed and paid staff members of the organisation.

As Arwain is E.U. funded we presumed this support would come to an end next December when we leave the E.U.

However, I am pleased to report that they have agreed to continue their funding until March 2021.

As we now have the MOU in place, we can apply for funding from other sources, for example lottery and heritage grants amongst others.

Thanks also go to the Development Trust for Wales who have awarded us a grant of £2500.00, and especially to one of our members, who very generously donated £500 this year, both of which will be accounted for in next year's financial accounts.

Thank you and stay safe everyone,  
Jenny Francis
